

**Last year
in your own backyard**

7,769
**senior citizens
had to turn to a
food pantry to
avoid hunger.**

**It doesn't take a
tsunami...**

to create suffering and needs.

Right here in Montgomery,
Greene and Preble Counties,
there are too many invisible
senior citizens who are hungry,
lonely, neglected, and even
abused. Our most vulnerable
neighbors deserve our help
before it is too late. Make a
difference. Make a donation.
Your gift matters.
